## RELEVANT EXPERIENCE

---

Joliet Junior College, **Information Technology Lab Assistant** – Joliet, Illinois August 2015 – May 2016

- Assisted students and faculty with proper operation of lab equipment and software, by instructing them on the proper way to use lab equipment.
- Investigated software/hardware problems posed by faculty and students and helped fix problem as needed.
- Maintained inventory of hardware, software, and supplies by keeping records of lab stock.
- Operated and maintained lab equipment; computers, printers, disk drives, monitors and other peripherals.
- Maintained physical and logical security of the lab by keeping an eye on all equipment while on duty.

Joliet Junior College, **New Student Orientation Leader** – Joliet, Illinois May 2015 - July 2016

- Gave PowerPoint presentations on various important information about the school such as the school's academic program, free tutoring services, and how
- Walked students through class registration, and various school technology to help them understand how to use school technology successfully.
- Gave tours around the school and fostered a relationship with students to ease their pressure.
- Organized Packets and documents to be distributed to new students.

## ADDITIONAL EXPERIENCE

---

**Joliet Junior College**, Joliet, Illinois August 2015 - May 2016  
*Student Government Representative at Large*

- Was an advocate for International students of the Joliet Junior College. I did this by presenting problems faced by international students to the school board.
- Organized fun programs set up by the student government to make sure students enjoyed their college experience.
